

Queensland Rugby celebrates its 128th birthday and is steeped in history and tradition at the grass roots to the international stage.

THE VINTAGE REDS is an alumni of all past players and coaches who have represented Queensland Rugby Union.

Following on from the spirit and passion that Queensland Rugby Union is famous for on the field, the **Vintage Reds** are committed to the QRU, The Queensland Reds, grass roots rugby, player welfare and Queensland charities including the Spinal Injuries Association, The Ballymore Ladies and Backstop who will benefit from the funds raised today.

THE VINTAGE REDS also provides an environment for all past players to meet and socialise on a regular basis.

Today's 2010 Invitational Golf Day is one of those days. We hope you all have fun, enjoy your golf and on the way raise some significant funds for our three deserving charitable organisations.
