

SPINAL EDUCATION AWARENESS TEAM

SEAT educates for life

SEAT is a free community safety program by Spinal Life Australia for students.

This award-winning program is aligned with the national curriculum and prepares students to make safe choices every day.

Our blue card holding presenters have all sustained spinal cord damage and speak to students from their own experiences to deliver safety messages on topics including:

Road safety | Water safety | Dealing with peer pressure

As well as offering education in:

Biology of the spinal cord | Impact of injury

Disability awareness | Etiquette

ROB

SEAT benefits you

- | Aligns with the national curriculum
- | Appropriate for all grades (Prep to Year 12)
- | Provides free teacher resources
- | A safety message that resonates*
