

The foundations that drive us

We've been supporting people with spinal cord damage to achieve positive outcomes since 1960. Below are the principles that guide us, every day.

OUR PURPOSE

To support a life journey approach to assist people with spinal cord damage.

OUR MISSION

To enable solutions to live an accessible, equitable and empowered life.

OUR VISION

We will be recognised as the leader in specialist services for people with spinal cord damage.

OUR CORE VALUES

Empathy – not sympathy

Pioneering – to continually pursue a vision of something better

Expertise – to be knowledge experts

Never Underestimate Capability – to encourage potential
