

# ASSISTIVE TECHNOLOGY

Our Assistive Technology and Home Automation service will assist in researching suitable state-of-the-art technology for your home or workplace to help simplify your daily life. We offer tailored demonstrations and trials of assistive technology solutions to help you make an informed decision.

## How we can help you

Our experienced Assistive Technology and Home Automation team will work with you to find solutions to make everyday living easier.

Examples include:

- Height adjustable benches, overhead cupboards and a variety of accessible storage solutions
- Height adjustable computer desks for various devices with multiple set up options
- Ceiling track hoist for transfers as required
- Control systems for blinds, lamps and television
- Powered wheelchair set up to control the environment in the room from a console on the chair
- Other simple low-cost items to make everyday life easier.

## Experience the Spinal Life difference

Our highly trained team offer unique solutions tailored to your individual needs. Our team will work one-on-one with you at our Healthy Living Centres to find suitable home or workplace solutions. They will be able to provide assessments and demonstrations during your consultation. Our Assistive Technology and Home Automation team provide impartial information and guidance about assistive technologies available that may be suitable for you!
